Unit 3 Solution 5

Start the DMO procedure

Business Example

As an administrator, you are responsible for executing the DMO procedure. You will start the DMO procedure, configure the phases of the first step Extraction, and get familiar with the new UI that the SUM offers exclusively for the DMO procedure.

Start the DMO procedure

Start the DMO procedure and configure the first dialogs.

1. Open the Chrome browser on your server *TH-HA250SPSxx-###* and start the DMO procedure.
 - a) Use the shortcut on the taskbar to start the Chrome browser.
 - b) Enter the following URL, replace <sid> with the System-ID of your ABAP source system, and <host> with the host of your ABAP source system:
`http://<host>:1128/lmsl/sumabap/<SID>/doc/sluigui`

 **Note:**
It is recommended to configure SSL for the SAP Host Agent. The port would then be 1129.
